Record fingerprint (SHA-256)

b757b437 f6860a53 3c2869d3 b9d1c52d a55ee3c0 b92a174d 59aba14d 9bb2723e

A fingerprint of the full record, including every photo and lab-report fingerprint. Change any part of the record and the fingerprint changes. The public page re-checks it on every visit.

Made in USA Inc. independently verifies records of how regenerative practices were carried out. This is not a USDA certification or endorsement. USDA's Natural Resources Conservation Service runs the Regenerative Pilot Program and makes all funding decisions. "Regenerative" has no federal legal definition.
